It is the responsibility of the member to update Seaforth with any changes pertinent to their debit/credit card number, expiration date, billing address, email address or any necessary financial and/or contact information. Failure to do so will result in the accumulation of back dues and/or a \$99 rejoin fee.

US Coast Guard, State, and local laws must be observed at all times including, but not limited to the maximum number of passengers allowed onboard. Member may not re-charter the boat nor allow anyone other than the person renting the boat to use it. Member may not use boats for any commercial purposes and may not charge any sort of fee for use of the boat. Towing of other vessels is strictly prohibited and subject to fine.

Membership Agreement

Seaforth Boat Rentals offers boat rentals to the public at non-member rates. Member understands that boats are not reserved for the sole use of members and, during peak times, some boats may not be available. Members receive special rates for a variety of rentals: 50% off kayaks and stand up paddle boards, 25% off powerboats and fishing vessels up to 25ft, 25% off jet skis (limit 1 unit per reservation), and up to 50% off sailboats, depending on the vessel. Club rates are posted on the company website and at each specific location. These rates cannot be combined with any special offers, coupons, or other promotions. Seaforth reserves the right to increase the rental rates without notice, including for major holidays. Every charter is a bareboat charter, therefore, the member is responsible for ALL provisions for themselves and their crew. SEAFORTH SAILING CLUB reserves the right to cancel any membership at any time.

Member understands and agrees to the terms and conditions of the rental contract for the Seaforth Mission Bay, Downtown, Harbor Island, and/or Coronado Boat Rental locations, in which member has signed and received a copy of. Member must carry the rental contract at all times while on or in possession of said-vessel; it is a legal document that can be requested by law enforcement. It is agreed and understood that if any term, covenant, or provision of the contract shall be held by a court as invalid, void, or unenforceable, the remainder of this agreement shall remain in full force and effect, and in no way be affected, impaired, or invalidated thereby. The "Hold Harmless" clause as well as the general release of liability and other released in the basic "Boat Rental Contract" shall pertain to club members as well as all other items in the rental contract. This document is an integral part of the signed membership agreement and can be modify at any time without notice.

The Member must inspect boat and safety equipment prior to leaving the dock and request any equipment that might be necessary (such as winch handle, ocean safety kit, charts, etc.). By taking the boat, the member acknowledges that the boat is safe, seaworthy, and properly equipped. Upon return, member should notify the dock crew and office of any problem that occurred during the rental. SEAFORTH SAILING CLUB IS A DIVISION OF SEAFORTH BOAT RENTALS AND KDME, INC. The laws of the state of California govern this agreement.

Ocean Sailing and Boating

SEAFORTH SAILING CLUB is not responsible for notifying members of weather and or sea conditions. Any assistance needed, such as towing, given to member due to inclement weather, including excessive or a complete lack of wind, is the sole responsibility of the member and may be subject to additional fees.

SEAFORTH SAILING CLUB, at its sole discretion, may determine that weather conditions are unsuitable and prohibit use of the boat. Member agrees that the boats will remain in the protected waters of Mission Bay or San Diego Bay and may not be taken into the open ocean, with the exception of boats that are specifically designated by SEAFORTH SAILING CLUB as ocean going, and only if the member has the level of experience, certification, and permission to do so. Member must be aware of Rule G (main channel right of way) that starts from the outside of Buoy 5 when entering the San Diego Harbor channel. When sailing in the Pacific Ocean, member must sail at least 1 mile from the shoreline. Member must be aware of kelp areas and the proper procedures in case kelp gets entangled on the engine or the keel, overheating of an engine, and/or any other sea wary procedures.

Hull Insurance Deductible Waiver

All sailboats from 22' to 54' have Hull Insurance in the event of an accident. The deductible of the vessel is \$5000 or 2% of the vessel value (whichever is higher).

Members are responsible for said deductible unless they purchase the deductible waiver. With purchase of the waiver, members will only be responsible for up to \$250 of the hull damages per incident.

Coverage for sailboats up to 35ft: \$150

Coverage for sailboats up to 54ft: \$250

Waivers are automatically charged on an annual basis—on the date of June 1st—until members request cancellation. The hull insurance damage waiver does not cover gross negligence, such as driving under the influence, operating the engine continuously at high temperature, sailing in severe weather conditions, sail races, ripped sail, etc., nor does it cover lost items such as anchor, winch handle, fenders, safety kit, etc.

Vessels over 32' in length are under the Vessel Assist towing assistance program while in the ocean, on overnight trips, or after business hours; they can be reached on VHF channel 16. For any other assistance during business hours, call the appropriate location on VHF channel 07 or by phone. Charges may apply when assistance is provided.

Applying Dues Towards Reservations

Member dues are not applicable towards merchandise, instructional clinics, classes, or other purchases. Dues are not transferable between members; members may only apply their own dues toward their own rental, and only on a single piece of rental equipment at a time. Dues may not be combined or split between members toward a single piece of rental equipment.

Extended Trips

Members may rent sailboats 27' and larger for multiple days at a time, so long as the boat is sufficiently equipped and only if the member has the appropriate level of experience and/or certification to do so. On extended mileage trips, fuel will be an additional cost; fuel tank must be re-filled to the same gauge level at which it was received or a fee of \$6.00 per gallon will be charged for consumption. On trips that extend for two or more days, the holding tank must be emptied prior to return to avoid a \$50 charge. Any fuel receipts must be kept for verification by the location manager. Limit of (2) free kayaks are available to use as dinghies on extended overnight trips. Improper usage or clogging of head will result in a \$150 repair fee—please train your guest(s) on how to properly use the head. Members are responsible operating, opening, and closing the boat properly and cleaning after use. This is not a complete list of boating rules. Please ask for further information from the specific location at which you are renting.
